Program:

The Hidalgo County Precinct 3 FM2221 Stormwater Project will be part of the Hidalgo County American Rescue Plan Act Stormwater System Improvement Program.

Precinct/Department Name:

Hidalgo County Precinct 3

ARPA Expenditure Category:

5. Infrastructure

ARPA Eligibility Category:

5.6 Clean Water Stormwater

Project Description:

The Hidalgo County Precinct 3 FM2221 Stormwater Project, located between Jara Chinas Road and El Pinto Road, is in need of sewer repair and subsurface drainage water due to damages caused by inclement weather. The FM2221 Stormwater project will prevent the road from flooding and ensure that access to connected roads is safe. In this way, residents are able to transit to receive access to essential services, including access to health care services.

The Interim Final Rule aligns types of eligible projects that are supported by Clean Water State Revolving Fund, in which stormwater projects can be an assistance to any public, private, or nonprofit entity for measures to manage, reduce, treat, or recapture stormwater or subsurface drainage water. Efficient sewage services directly translate into a healthier community by providing clean water and avoiding potential environmental disasters. These basic needs are critical to the health and ability to work and learn of the residents of the County of Hidalgo, particularly for the disadvantaged and low-income minorities.

Fiscal Impact:

Estimated Budget: \$500,000
