Need Assessment

Precinct 3 Park Improvements will contribute to the community by providing essential park, hike & bike trails, and other recreational services making our community a more desirable place to live, work, and play.

ARPA funds, tends to recreate and renovate current parks by adding more recreational space, restrooms for the public, and better equipment. In addition to creating more recreational space, Hike & bike trails are being created for the community to enjoy outside areas where they can exercise, explore, and create that access that lacks from low to moderate income communities.
